SITE PLAN

The Forum is a self-contained office campus of circa 500,000 sq ft; the centrepiece of Solent Business Park. The scheme is designed with all buildings laid out around a central lake feature and mature landscaping. All buildings benefit from terraces at ground and second floor level overlooking the lake. Solent Business Park is adjacent to Junction 9 of the M27, within easy reach of a significant catchment population from Southampton, Portsmouth, Fareham and the other Solent towns.
